Učenci 2. razreda ove su školske godine sudjelovali u projektu
"Mali kreativci",
namijenjenom poticanju kreativnog stvaralaštva.

Za vas smo pripremili ovu brošuru kako biste
vidjeli što smo i kako radili...

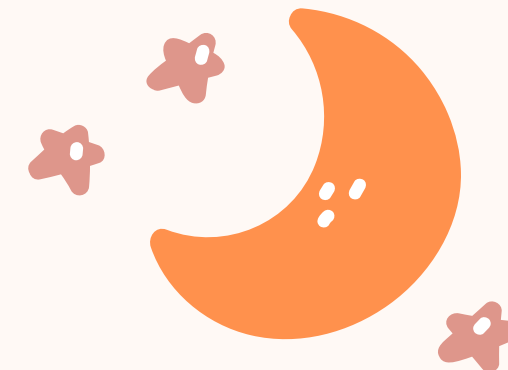

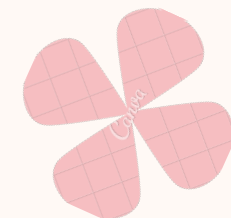

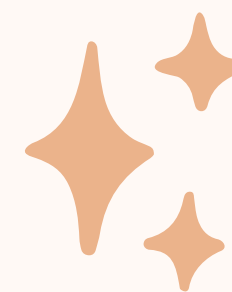

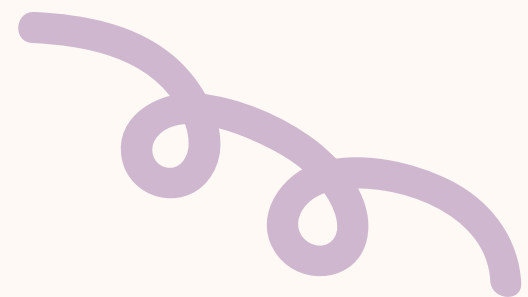

Maštarij

Na temelju crteža predmeta na odabranim karticama djeca su se prepustila mašti te su zamislili kako bi izgledalo kad bi nacrtane predmete ili neke njihove dijelove uvećali ili umanjili, dodali ili oduzeli, promijenili materijal, boju ili teksturu...

Zatim su nacrtali osmišljene inovativne predmete, potpuno nove i drugačije namjene.

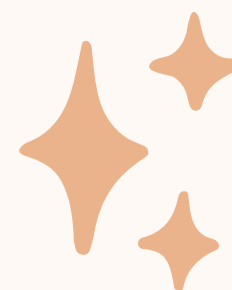

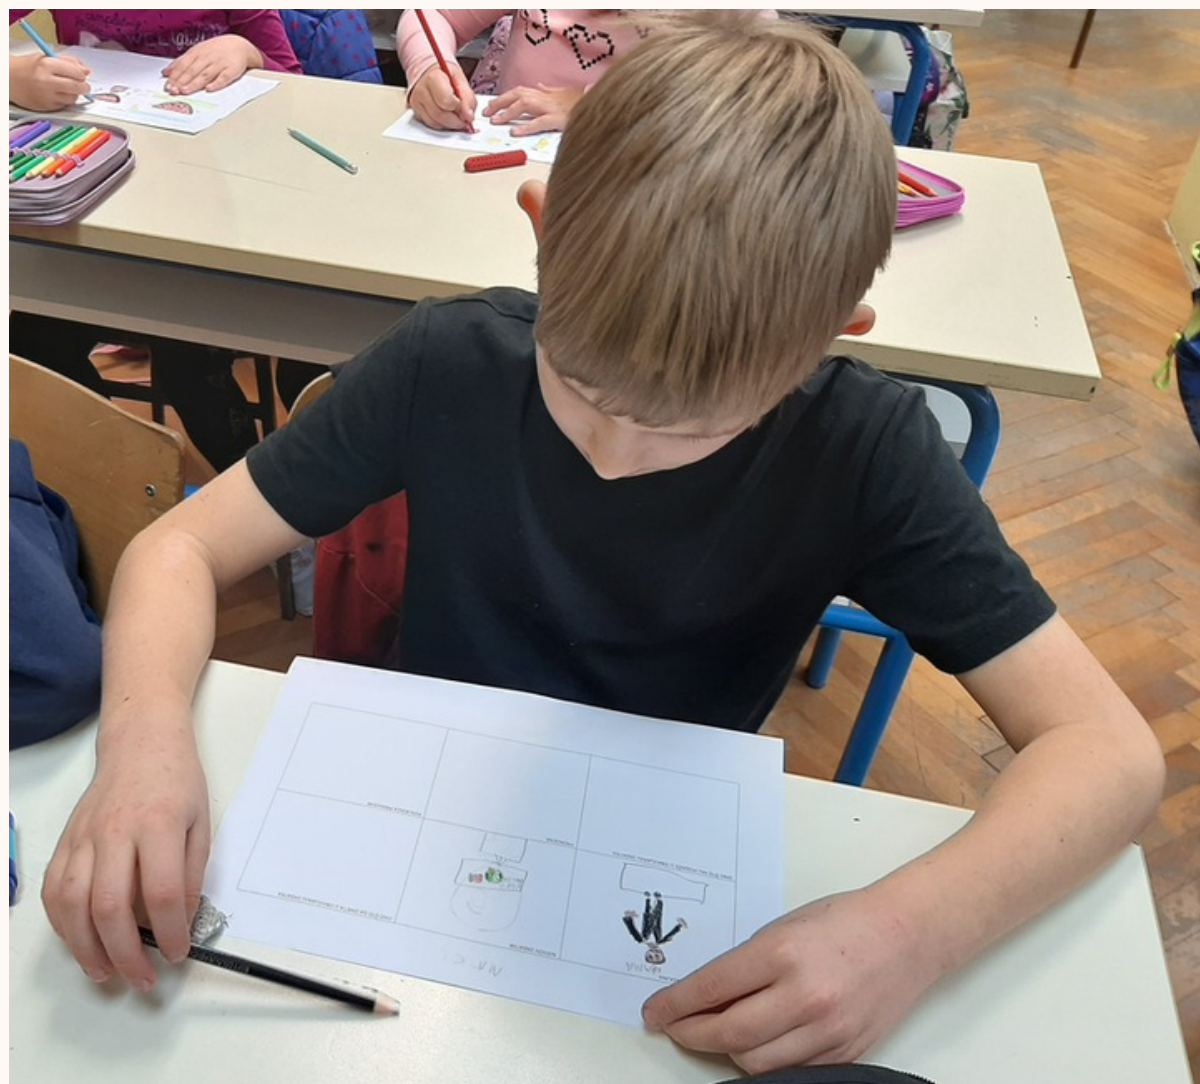

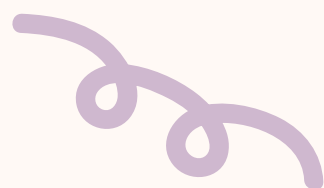

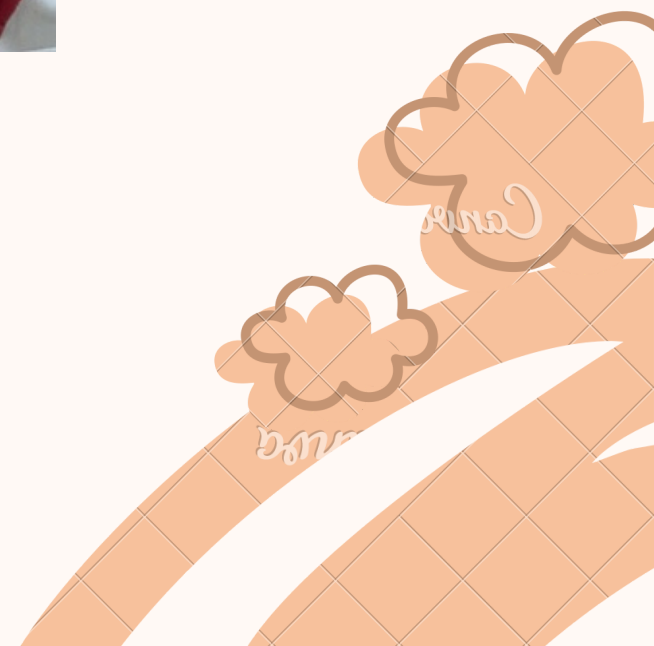

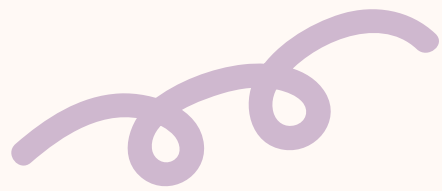

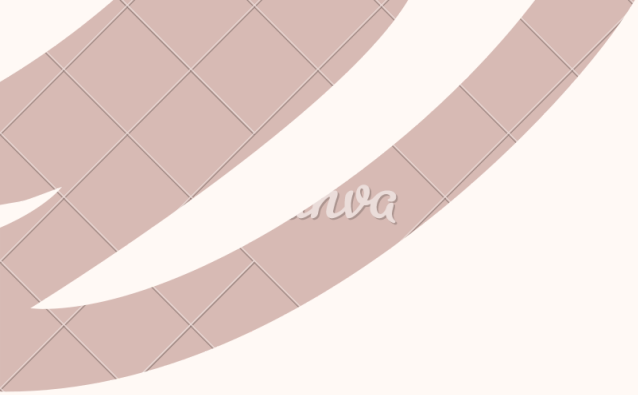

Strip

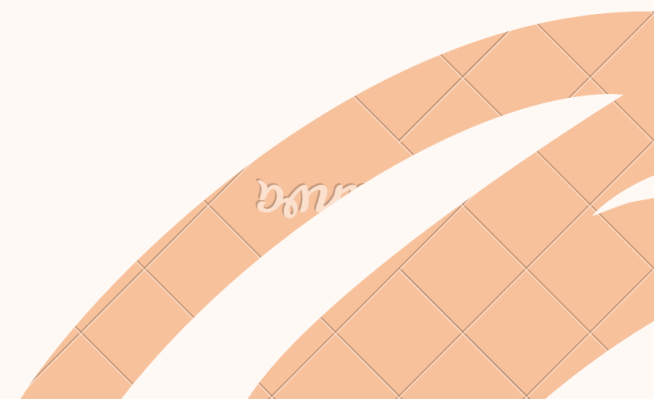

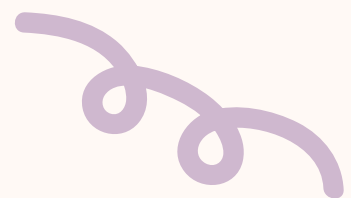

Sastavili su vlastitu priču
i
nizom crteža
povezali ju u strip
u kojem se glavni junak ili junakinja
uspješno suočavaju s problemom.

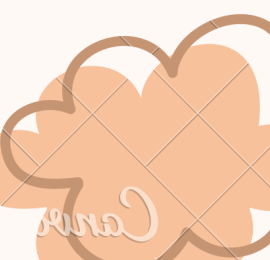

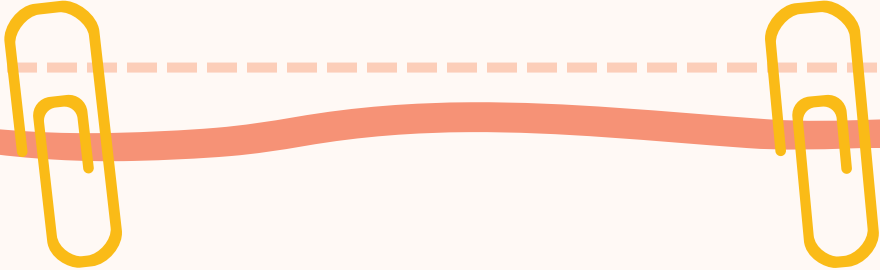

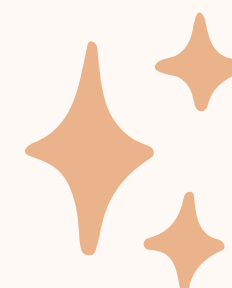

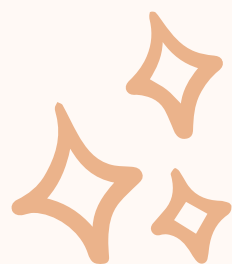

Pitalice i zagonetke

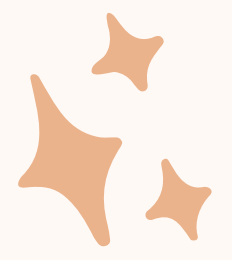

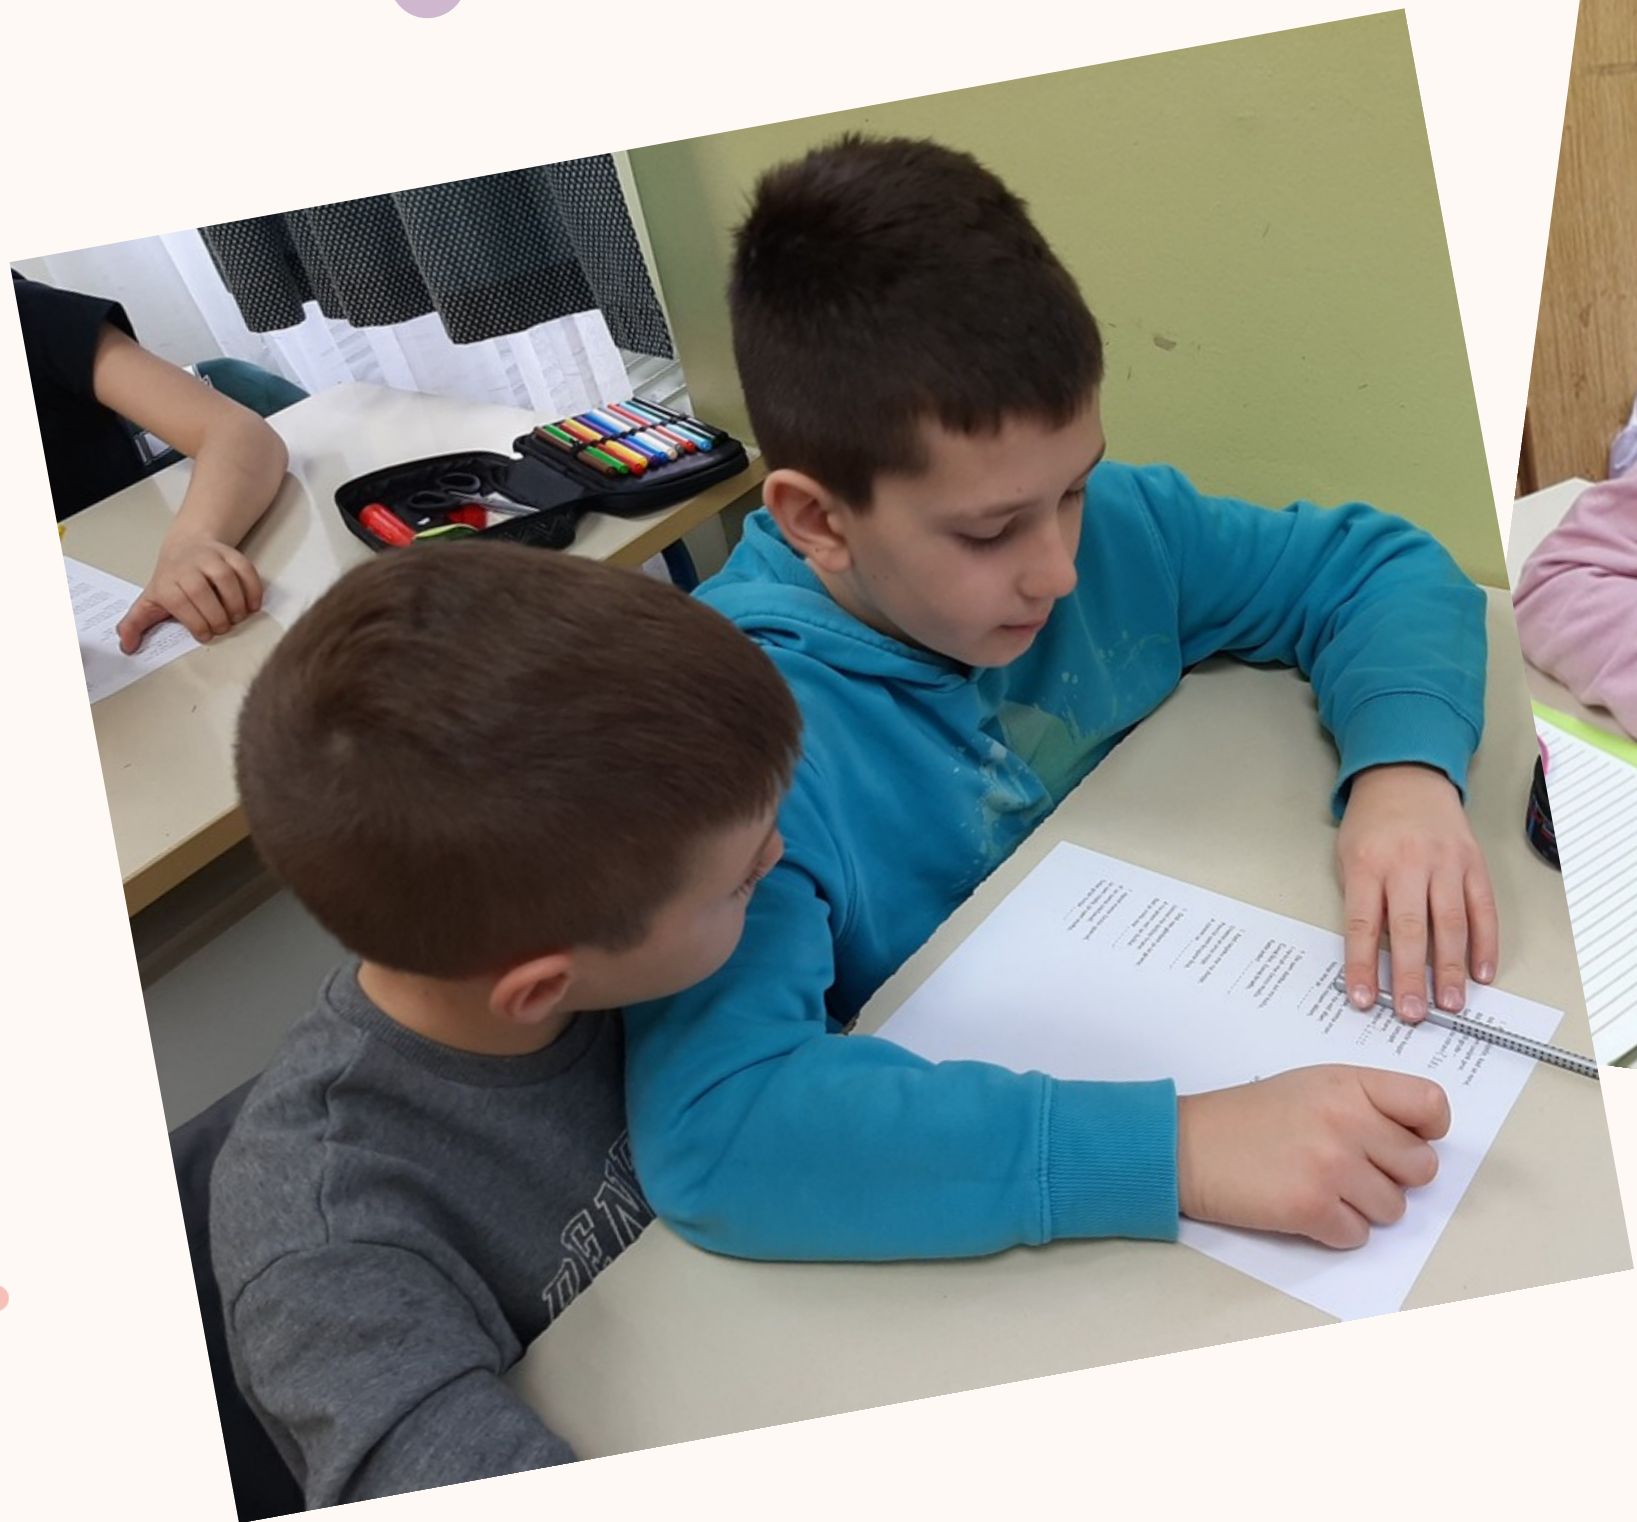

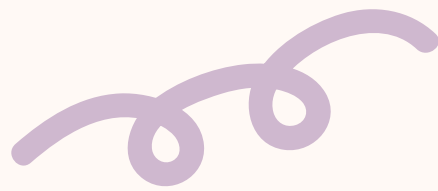

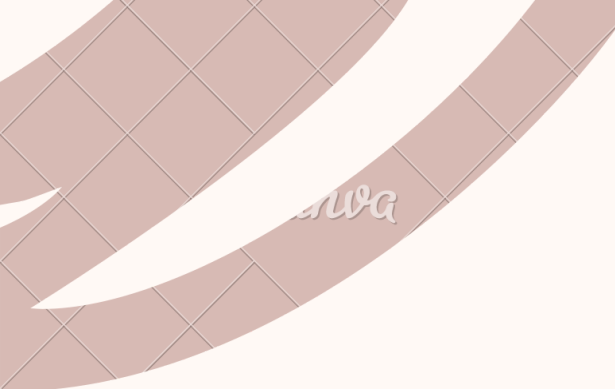

zajedničkim snagama pronalazili su rješenja
brojnih pitalica i zagonetki.

"Bodlje ima, kaktus nije,
kad uplašiš ga,
klupko se svije."

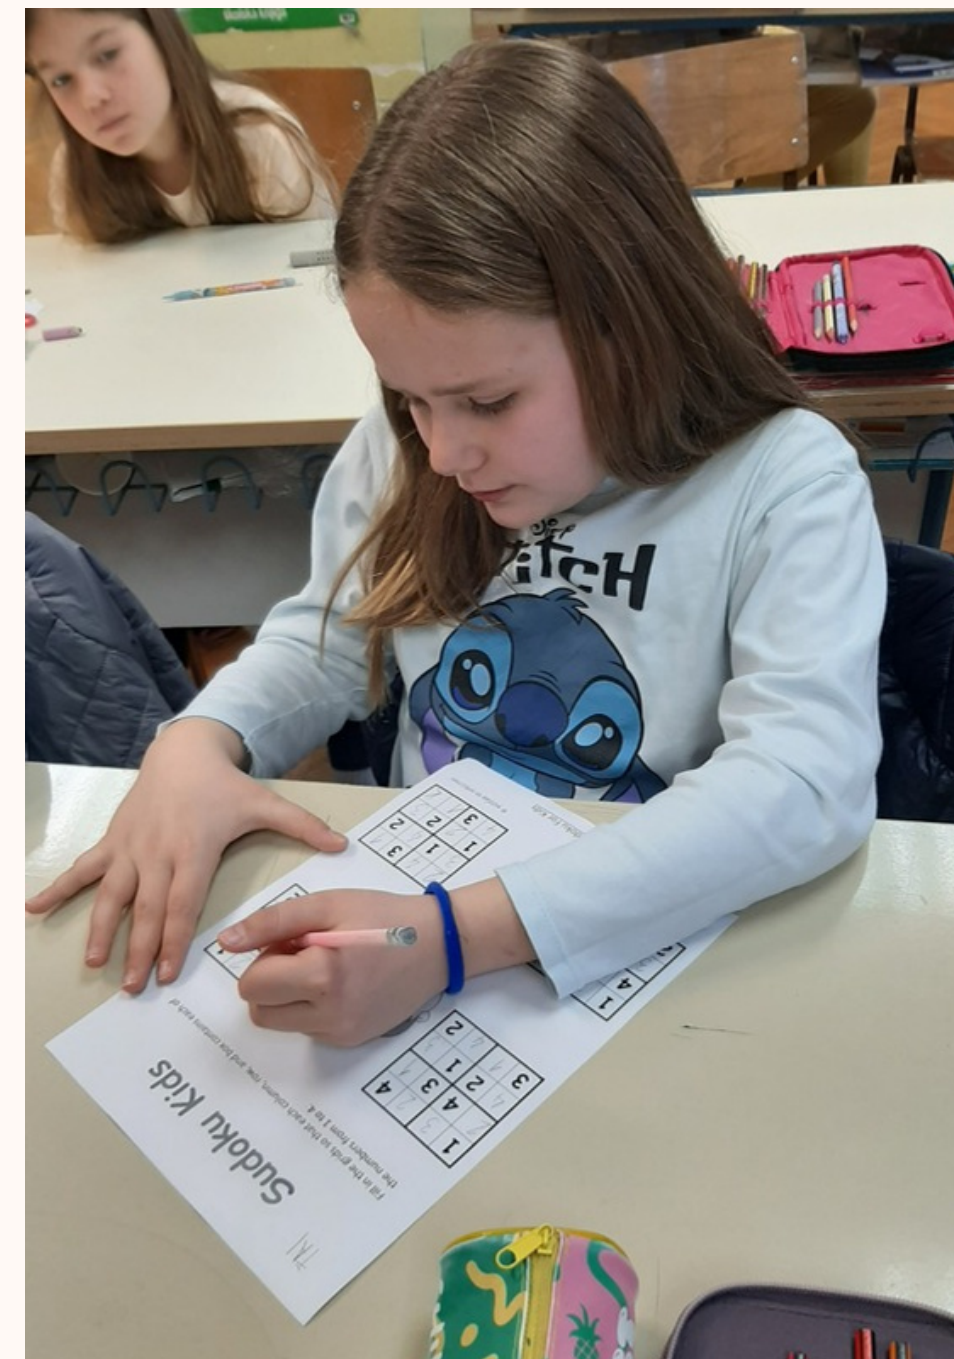

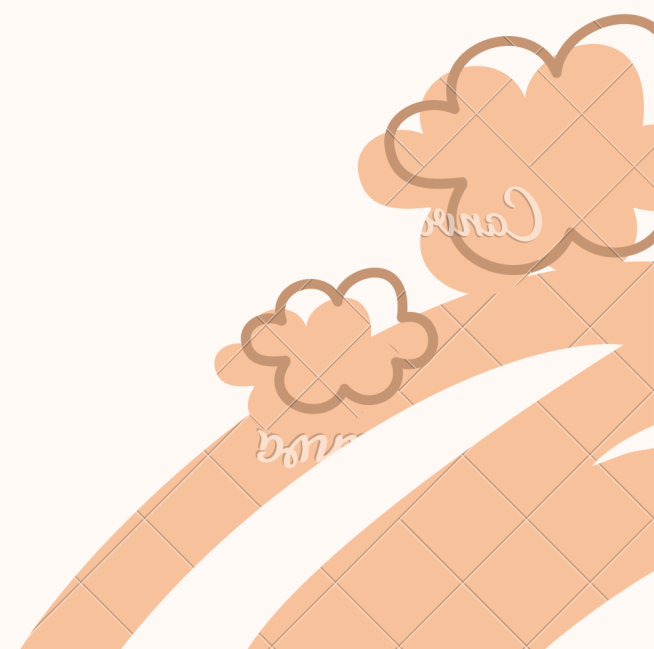

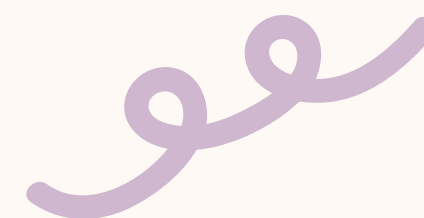

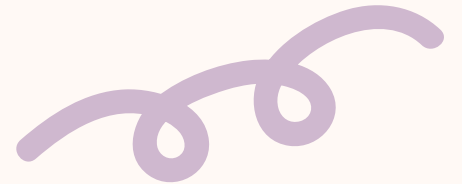

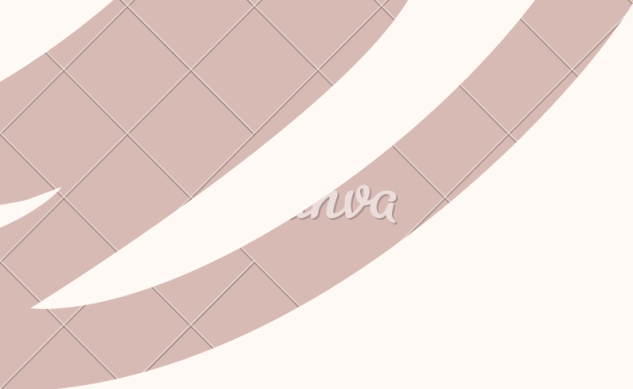

Umetalica

Odgonetavali su pravilo prema kojem
mogu logički nastaviti zadani niz,
okušali su se u spajanju
tangram slagalica i u sudoku
te su aktivirali vlastitu pažnju i
pamćenje pronalaženjem parova sličica.

Rebusi

Naučili su da su rebusi
zagonetke predstavljene
kombinacijom slika, slova i znakova,
a zatim su osmislili vlastite rebuse.
